

livioEdge^{AI} livio^{AI} livio

Like nothing else.
From no one else.

2020 Artificial Intelligence
Breakthrough Award Winner

Pricelist

w.e.f. 1st January, 2021

The Industry's most **complete line of Rechargeables**

Hearing Performance & Healthable Technology Features:

Available with **Livio Edge AI** products

Edge Mode NEW

With just a double tap, Edge Mode instantly conducts an AI-based analysis of the listening environment and makes smart, immediate adjustments.

IntelliVoice NEW

This first-of-its-kind speech enhancement feature uses AI to provide an unprecedented experience for those with moderate loss of 50 dB HL or greater (available with Apple® devices).

Fall Alert

With integrated sensors, Fall Alert can detect falls and send alert messages to selected contacts.

Find My Phone NEW

Using hearing aids and Thrive Assistant, patients can now locate their lost or misplaced phone by having it ring. No other hearing aid offers this capability.

Language Translation

Easily communicate with people who speak other languages via the easy-to-use translation tool in the Thrive app (requires an internet connection).

Body and Brain Tracking

Sensors are integrated into the hearing aids so patients can track their activity and social engagement via the Thrive app.

Thrive Assistant

Use voice commands* to get answers to questions, set reminders and control hearing aids.

Auto On/Off

Senses when a hearing aid is taken off the ear and goes into low power mode, saving battery life.

The Thrive app offers features designed to enhance your patient's listening and life experiences.

Tap Control

With just a double tap, Livio Edge AI and Livio AI hearing aids can be set to activate Edge Mode, Thrive Assistant or Start/Stop Audio Stream from 2.4 GHz accessories.

livioEdge^{AI}

Next-generation sound
never before possible

Built-in Artificial Intelligence

Livio Edge AI gives you an edge over other hearing aids with powerful artificial intelligence in every device.

Game-changing Sound with Edge Mode

AI technology makes getting help in the most difficult listening environments easy, with just a tap.

Personalized Power

The world's first custom-molded rechargeable hearing aids give you discreet, comfortable and convenient options.

Model	Style	Fitting Range	MRP (INR) Per Unit
livioEdge ^{AI}	RIC	0-110 dB	3,49,000

Thrive Hearing

Thrive Care ^{NEW}

* Available on select Android phones
* Available in RIC, RIC R & BTE

Additional Technology Features:

Available with **Livio Edge AI, Livio AI and Livio** products

Transcribe

It's like closed-captioning for real life. Conversations are transcribed so users can read what's being said.

Self Check

Allows users to perform a diagnostic test of their hearing aid components.

Thrive Assistant

Use voice commands* to get answers to questions, set reminders and control hearing aids.

Personalized Control

Make personalized, real-time adjustments.

Phone Calls

Answer calls and hear the conversation streamed directly to the hearing aids using compatible devices.

Remote Control

Patients can change volume and switch memories using their smartphone.

Mask Mode **NEW**

A custom memory in the Thrive app that boosts the frequency response in certain channels to help patients better hear people who are wearing face masks.

Personalized Memories

Create custom memories and geotag memories so adjustments occur automatically when the user returns to that location.

Auto Experience Manager

Automatically adjusts loudness over time to help transition the new hearing experience comfortably.

Siri Integration

Have Siri® read texts and emails directly to the users' hearing aids (available with Apple devices).

Find My Hearing Aids

Easily locate lost hearing aids.

Adaptive Car Mode

Hearing aids automatically change to reduce the annoying sounds of driving.

Reminders

Personalized or on-screen reminders for daily tasks such as taking medications.

*Voice-activated commands are exclusive to Livio Edge AI 2400, Livio AI 2000 and Livio AI 1600 hearing aids.

2.4 GHz Accessories *

INR 27,900/- (Inclusive of all taxes)

Table Microphone NEW

Users can enjoy group settings like family gatherings or noisy restaurants. Eight built-in microphones detect the primary speaker's voice and stream it to their 2.4 GHz hearing aids.

INR 9,900/- (Inclusive of all taxes)

TV

Stream audio from a TV or other electronic audio source directly to Livio AI and Livio hearing aids. It offers excellent sound quality, is easy to use, and supports both analog and digital input sources.

INR 9,900/- (Inclusive of all taxes)

Remote Microphone +

Easily stream from a variety of audio sources including most Android phones. And thanks to Remote Microphone +, Livio AI and Livio are the first hearing aids to feature Amazon Alexa connectivity.

INR 8,900/- (Inclusive of all taxes)

Mini Remote Microphone

Enjoy one-on-one conversations in noisy environments with the small, easy-to-use Mini Remote Microphone. Clip it onto the clothing of the person you're talking to or use it as a TV streamer by placing it near the speaker.

INR 8,900/- (Inclusive of all taxes)

Remote

Our new remote includes updated features so patients can control memory and volume, mute their hearing aids and turn other special features on and off.

INR 5,900/- (Inclusive of all taxes)

Mini Turbo Charger

3.5 3.5 hour charge in just 7 minutes

x4 Fully charged Mini Turbo charger can charge a pair of hearing aids four times

CROS/BiCROS Transmitter (BTE/RIC/RIC R) MRP: INR 22,500/-

* Compatible with Livio Edge AI, Livio AI and Livio.
