

A New Beginning for
Better Hearing

GENESIS^{AI}

Nothing is smaller
Nothing sounds better

Signature
SERIES

GENESIS^{AI}

Genesis AI marks a new beginning for the hearing industry. **Completely reimagined from the inside out**, it's the only hearing care system to feature an *all-new* processor, *all-new* sound, *all-new* design, *all-new* fitting software, and *all-new* patient experience.

It's the biggest leap forward ever in Ear-Brain Technology™.

Starkey Neuro Processor

A Processor with a mind of its own.

The processor is the brain of every hearing aid, and no processor is smaller or more powerful than our all-new Starkey Neuro Processor.

4X

speed of previous processors

Faster

environmental identification and adaption

StarLink Wireless Accessories & Chargers

Table Microphone ₹ 30,000

Make group settings easy with eight built-in microphones that stream the primary speaker's voice directly to the patient's hearing aids.

Remote Mic + ₹ 14,000

Allows patients to easily stream from a variety of audio sources. This simple to use remote microphone + offers the most capabilities available in any accessory.

TV Streamer ₹ 14,000

Allows patients to easily stream audio from their TV or other electronic audio source directly to their hearing aids.

Remote Control 2.0 ₹ 10,000

Easily control memory and volume, mute hearing aids and turn other special features on and off.

CROS Transmitter ₹ 25,000

Starkey's CROS solution transmits sound wirelessly from a microphone placed on a patient's unaidable ear to a receiver fitted on a patient's better ear.

StarLink Premium Charger 2.0 (with on-board battery) ₹ 20,000

mRIC R & RIC RT

Operates as a portable charging station and case for standard lithium-ion rechargeable hearing aids. Comes with on-board turbo charging. Turbo charging automatically occurs when the hearing aid battery is low. The hearing aid will rapidly charge, providing approximately 3 hours of use time with only 10 minutes of charging. Includes an on-board battery which allows charging of the hearing aids to occur without a power source. Compatible with Genesis AI range of products.

StarLink Premium Custom Charger 2.0 (with on-board battery) ₹ 20,000

ITE R/ ITC R/ CIC R

Operates as a portable charging station and case for custom lithium-ion rechargeable hearing aids. Comes with on-board turbo charging. Turbo charging automatically occurs when the hearing aid battery is low. The hearing aid will rapidly charge, providing approximately 3 hours of use time with only 10 minutes of charging. Includes an on-board battery which allows charging of the hearing aids to occur without a power source. Compatible with Genesis AI & Signature Series range of products.

Premium Standard Charger (with on-board battery) ₹ 17,000

RIC R/ BTE R

The Premium Standard Charger operates as a portable charging station and case for standard lithium-ion rechargeable hearing aids. The charger is equipped with LED lights to indicate charging status for both hearing aids and charger. Compatible with Evolv AI & Livio range of products.

Premium Custom Charger (with on-board battery) ₹ 17,000

ITE R/ ITC R

Premium Custom Chargers operate as a portable charging station and case for custom lithium-ion rechargeable hearing aids. All chargers are equipped with front LED lights to indicate charging status for the hearing aids. Premium Custom Chargers have an on-board battery which allows charging of the hearing aids to occur without a power source. Compatible with Evolv AI & Livio range of products.

Invisible Hearing Aids

Compatible with

*Individual result may vary. Invisibility depends on anatomy of the wearer's ear.
Note: All Genesis AI products cover 3 years worldwide warranty

Hearing Performance & Healthable Technology Features:

Edge Mode+

Uses onboard DNN to optimize sound quality on demand, even in the toughest listening environments. New patient-driven controls for listening intent allows the user choose between enhance speech or reduce noise

Voice AI*

Voice AI uses the an advanced DNN algorithm in the patient's iPhone to improve their ability to understand speech in background noise.

Fall Alert

Fall Detection & Alerts is a Thrive Hearing Control app-based feature that leverages embedded sensors in our hearing aids to detect when a wearer falls, then can send an alert message to selected friends, family members or caregivers.

Tele Hear

Assist patients' needs on demand with remote adjustments via video chat.

Smart Assistant

Provides Quick answers to questions Like "what is the weather?" and also can control the hearing aids with commands like "increase the volume" "Change Program"

Learn

An interactive section designed to help the Genesis AI wearer adjust to their devices and explore new features. Content is available in the form of "how to" lessons, videos, and articles

Automatic Workout Detection

Monitor health, set hearing and fitness goals from the Health tab. The hearing aids can automatically detect walking, running, aerobic and biking.

Reminders

Provides the option to schedule voice alerts for things like taking medications and other personal Task

*Requires an iOS device.

Signature S E R I E S

Nothing is smaller.
Nothing sounds better.

Built off the industry's most advanced processor and powered by our industry-leading **Neuro Sound Technology**, Signature Series deliver the size, performance and personalized fit that patients can only get from you.

Our **lowest** noise floor yet

There's an art to custom

It takes care and expertise to build a hearing aid to each individual's exact specifications—and no one does it better or has done it longer than Starkey. Trust your hearing to the professionals.
